Dear Sir,

It is our pleasure to communicate that Manifa Co-Generation Plant and Main Substation Project at Manifa Central Processing Facility has been accomplished with satisfactory results. By the present letter Tecnicas Reunidas Gulf (TRG) wants to give special thanks to AL-QHATANI for the efficient services and support given during the supply of FBE Coating Internal and External, and proceeds to communicate that as per internal administration procedures by the present TRG will proceed with the close-out of the Field Purchase Order FPO 7425-4111.

Appreciating very much your high contribution to achieve together this challenge.

Best Regards,

Jose F. Moles
Site Manager
